

Florida Python Challenge® Datasheet

This datasheet **MUST** be fully completed and accompany each python.

Participant name: _____

Phone number: _____ Email: _____

Capture date: ____/____/____ Capture time: _____ AM/PM (circle one)

Trip start: _____ AM/PM Trip end: _____ AM/PM

Exact location of python capture - decimal degrees preferred

Latitude: _____ Longitude: _____

Select the name of the competition location where the capture occurred:

<input type="checkbox"/>	Everglades and Francis S. Taylor Wildlife Management Area
<input type="checkbox"/>	Holey Land Wildlife Management Area
<input type="checkbox"/>	Rotenberger Wildlife Management Area
<input type="checkbox"/>	Big Cypress Wildlife Management Area
<input type="checkbox"/>	Southern Glades Wildlife and Environmental Area
<input type="checkbox"/>	Rocky Glades Public Small Game Hunting Area
<input type="checkbox"/>	Frog Pond Public Small Game Hunting Area

- I am Active Duty United States Military. Branch _____
- I am a United States of America Veteran. Branch _____
- I would like to pick up this python carcass after the event, if possible.

This python was humanely killed using (check all that apply):

- Captive bolt Air gun Manual method _____
- Pithing the brain

_____ I understand that pythons must be humanely killed using the two-step method from the Required Online Training and that I will be disqualified if I am found to have inhumanely killed a python.

For Check station operator use only: Unique python ID:

Ex. EHP-08-04-23-2 _____
(Check station code – date submitted [MM-DD-YY] – sequential snake #)
